4-29-27/2, Bhaskar roa peta, Tenali, Andhra Pradesh, 522201

## Summary

- 3rd-year AI & Data Science student with a strong foundation in AI/ML and Data Science
- Specialized in DevOps with hands-on experience in automation and cloud technologies.
- AWS Certified Cloud Practitioner with expertise in web development and database management.
- Passionate about continuous learning and contributing to cutting-edge technological advancements.
- Led the Intelligentsia Club, organizing and managing initiatives to foster innovation and collaboration.

## Education

### K L University

Bachelor of Technology in Artificial Intelligence and Data Science, Vijayawada

(2022 – present)

CGPA: 9.0

### Nri Junior College

Board of Intermediate Education, Andhra Pradesh (BIEAP), Tenali

(2020 – 2022)

Percentage: 70 %

### Sri Rama English Medium School

Class 10th, Tenali

(2020)

percentage : 93 %

## Certifications

- Salesforce AI Associate Certification
- AWS Certified Cloud Practitioner
- Python (CEPYTIIN)
- Python (Basic)
- Problem Solving (Basic)

## Skills

- **Programming:** Python, Java, C
- **Web Development:** Django, Flask, Streamlit
- **Databases:** MySQL, PostgreSQL
- **Tools:** Git, GitHub, AWS, Salesforce

## Projects

### Online Food Ordering System (Aug 2024 — Nov 2024)

- Developed a web-based platform for seamless food ordering and delivery.
- Designed a user-friendly interface for browsing restaurants, menus, and managing orders.
- Implemented SQLite/PostgreSQL as the database for efficient data management.
- Built an admin panel to manage restaurants, menus, and orders.

### Audio Emotion Classification (Dec 2024 — Feb 2025)

- Developed a Machine Learning model to classify emotions from audio signals.
- Automated model training, deployment, and monitoring using MLOps principles.
- Preprocessed audio data by extracting features like MFCC, Spectrogram, and Chroma..
- Deployed the system on AWS/GCP/Azure for real-time emotion detection..

## Languages

- Telugu (Fluent)
- English (Fluent)
- Hindi (Beginner)
- Kannada (Beginner)

## Extra-curricular Activities

- **Cloud Computing Intern - AICTE & AWS Academy** (Jan 2024 — Mar 2024)  
Completed a comprehensive 10-week virtual internship on AWS cloud foundations, Gained practical experience with core AWS services (EC2, S3, RDS), developed scalable apps, and completed collaborative cloud migration projects.
- **Hackathon Participant**  
Created full-stack applications under time constraints, honing problem-solving skills.
- **Social Intern**  
Conducted a 10-day tribal welfare awareness program, building empathy and communication skills.
